PROFESSIONAL SUMMARY

Results-driven Software Developer with over 1 year of experience in developing and maintaining scalable backend services and dynamic front-end interfaces. Proficient in Java, Spring Boot, React, and SQL, with a strong background in full stack development. Proven track record of enhancing platform performance, optimizing data management, and delivering high-quality software solutions. Adept at collaborating through the full software development lifecycle, from requirements gathering to deployment. Currently contributing to robust learning platform solutions at Maple Learning Solutions, with a focus on backend efficiency and frontend excellence. Certified in Java, SQL, and AWS, with a B.Tech in Computer Science.

WORK EXPERIENCE

SpectraMedix

Jr. Software Developer

Jan 2023 - Jan 2024

- **Enhanced Platform Performance:** Developed and maintained scalable backend services using **Java** and **Spring Boot**, significantly boosting the efficiency of the SpectraMedix VBP Performance Suite.
- **Elevated User Experience:** Implemented and optimized front-end features with **React**, leading to increased user engagement and satisfaction through intuitive and responsive interfaces.
- **Optimized Data Management:** Designed and streamlined **SQL** databases, reducing data processing time and ensuring efficient data retrieval for critical analytics.
- **Full Lifecycle Collaboration:** Contributed to the full software development lifecycle, from requirements gathering to deployment, consistently delivering high-quality healthcare solutions.
- **Technologies Used:** Java, Spring Boot, SQL, React.

Maple Learning Solutions

Full Stack Developer

Jan 2024 - Present

- **Robust Backend Development:** Engineered scalable and reliable backend services using **Java**, enhancing the performance and stability of the Maple Learning Solutions platform.
- **Dynamic Front-End Creation:** Developed interactive and responsive user interfaces with **React**, **JavaScript**, **HTML**, **CSS**, and **Bootstrap**, significantly improving user interaction and experience.
- **Efficient Database Management:** Designed and managed **SQL** and **MySQL** databases, optimizing data access and reducing query processing times to enhance overall system efficiency.
- **Integrated Full Stack Solutions:** Delivered comprehensive solutions by handling both front-end and back-end development tasks, from initial concept to deployment, ensuring seamless project execution.
- **Quality Assurance and Testing:** Implemented rigorous code reviews and unit testing procedures, maintaining high standards of code quality and reducing bugs and technical issues.
-

EDUCATION

Sphoorthy Engineering College

B.Tech (Computer Science) - 7.43

July 2019 - March 2023

PROJECTS

LXD GUILD Platform

- Developed a Platform for Instructional Designers and professional with all the facilities of learning and sharing the knowledge through the community.

Hubspot - Operations Hub

- A member in the development of an Operations hub modules in the Hubspot CRM Software.

SKILLS

Java, SpringBoot, Microservices, CI/CD, GIT, PHP, HTML, CSS, JavaScript, React.js, MongoDB, Node Js ,MERN, Bootstrap, SQL, AWS, Wordpress.

CERTIFICATION

Java, SQL (Udemy) and AWS (AICTE)
