CAREER OBJECTIVE

Ambitious B.Tech graduate in Electronics and Communication Engineering with a strong foundation in full-stack development. Proficient in the MERN stack and eager to apply technical skills, analytical thinking, and creativity to develop innovative software solutions. Committed to contributing to business growth and solving complex problems in a collaborative and dynamic team environment.

EDUCATION

Bachelor of Technology(ECE) – Geethanjali College of Engineering and Technology	2020 - 2024
Hyderabad, Telangana	CGPA: 8.26 / 10.00
Intermediate - Narayana Junior College	2018 - 2020
Hyderabad, Telangana	Percentage : 96.9%
School (SSC) - Pratibha High School	2018
Hyderabad, Telangana	CGPA : 9.5 / 10.00

PROJECTS

Wanderweb - Explore Beyond Boundaries

Technologies: Node.js, Express.js, MongoDB

- Developed a full-stack web application for users to explore and discover travel destinations.
- Implemented a user-friendly interface to display destination details and enable user interaction.
- **Backend** built using Node.js and Express.js to handle server-side operations. MongoDB used for data storage, managing destination details, user profiles, and travel content.

Real-Time Weather Website

Technologies: React.js

- Developed a modern, user-friendly **Weather App** using **ReactJS** that provides real-time weather updates for any location.
- Integrated dynamic displays for temperature, humidity, and weather conditions with visually engaging icons that change based on real-time data.
- **Link:** <https://verdant-entremet-d565ca.netlify.app/>

Dynamic Dashboard

Technologies: HTML, CSS, JavaScript

- Designed an interactive frontend dashboard that includes features such as a clock, calendar, notes, and calculator.
- Created a smooth, user-friendly interface using click-to-reveal interactions, enhancing user accessibility to essential tools.

SKILLS

- **Programming Languages:** Java, JavaScript
- **Web Technologies:** HTML, CSS, Bootstrap, Node.js, Express.js, React.js.
- **Concepts:** Object-Oriented Programming (OOPs), RESTful APIs
- **Database Management:** MySQL, MongoDB.
- **Version Control:** Git.
- **Soft Skills:** Quick Learner, Problem Solver, Team Player.
