EXPERIENCE

JaaGa.ai
Frontend Developer

Hyderabad,
06/2023 – Present

- ❖ Spearheaded UI development at jaaGa.ai, leveraging React Google Maps API for interactive mapping solutions.
- ❖ Adhered to industry best practices, optimizing UI for intuitive navigation and enhanced user experience.
- ❖ Orchestrated seamless REST APIs integration utilizing Redux Toolkit, ensuring robust functionality.
- ❖ Implemented interactive drawing features on maps, facilitating user engagement and customization. Integrated location filtering functionalities, enabling users to refine search results based on drawn parameters.
- ❖ Demonstrated adept problem-solving skills and meticulous attention to detail throughout the project lifecycle.

Digikull
Frontend Developer Intern

Remote
08/2022– 02/2023

- ❖ During my internship at Digi Kull, I gained valuable experience working with a diverse tech stack, including React, Redux, and JavaScript.
- ❖ Immersed in practical projects, I developed a solid understanding of front-end development principles and best practices.

SKILLS

- ❖ **JavaScript** ∴ Proficient in JavaScript and DOM manipulation, with experience in JavaScript frameworks like TypeScript and React.
- ❖ **React.js** ∴ Skilled in React.js and its libraries, adept at creating optimized UIs and functionalities with clean and efficient code.
- ❖ **TypeScript** ∴ Proficient in TypeScript, ensuring type safety and maintainable code in React scalable and Node.js applications
- ❖ **React-Google-Map/Api** ∴ Proficient in react-google-map-Api, adept at integrating Google Maps API and implementing advanced features like drawing filters directly on the map.
- ❖ **Web Sockets** ∴ Experienced with **Socket.IO** for real-time communication, live updates, notifications, and interactive React features.

EDUCATION
Adikavi Nannaya University
Bachelor of Science in Animation 2018 – 2021

Rajahmundry

OTHER SKILLS

- ❖ **Programming Languages:** JavaScript, TypeScript, HTML, CSS.
- ❖ **Libraries/Frameworks:**, React.js, Redux, Redux Toolkit, Chart.js, React-Google-map-Api, Tailwind Css, Bootstrap.
- ❖ **Debugging:** Chrome, Redux DevTools.
