PROFILE

I am a web developer with a strong background in creating and managing websites. Experienced in deploying applications on Digital Ocean and improving their visibility through SEO. Known for working well with different teams to deliver effective web solutions that meet business goals.

PROFESSIONAL EXPERIENCE

Full Stack Developer   12/2023 – present
Confluence educational services pvt ltd   Hyderabad, India

At Confluence Educational Services Private Limited, I built and managed multiple websites, including Confluence Edu 🔗 , SVSRCo 🔗 , Vidyauni 🔗 , Onevilla 🔗 , Kakatiya Capital 🔗 , SPR9 🔗 , and Jaikisan 🔗 .

My key responsibilities included:

Website Development: Developed responsive and user-friendly websites using Bootstrap, Tailwind css, React, React-Redux toolkit, NodeJS, Express JS & MongoDB.

Deployment: Deployed sites on Digital Ocean using Nginx, ensuring optimal performance and scalability.

SEO Optimization: Implemented SEO best practices to improve visibility and search engine rankings.

Maintenance: Conducted regular updates and maintenance for security and performance.
